

The Intelligencer.

OFFICE: No. 15 Quincy Street.
WEDNESDAY, NOV. 13, 1872.

Mr. JOHN B. SWANN, who ran for Congress in the third district of this State in October, has printed a card in the *Monroe Register* in which occurs the following characterization of Mr. GAZLEY:

"For more than forty years a base slanderer, a traitor, a false friend, a malicious and unscrupulous advocate of abolishing slavery without paying the owners; as much as any newspaper editor could be, the founder of the old Abolition party; the apologist for John Brown, the assassin of the President; the champion of the chastity of our women; in a word, a wretch whose teachings culminated in our terrible war, and filled a million graves with the best and the bravest; a monster who revelled in the butchery of the southern people, while it was going on, and advised and prompted credulous men to shoot the moral sentiment of the family of man; and whose war was done not for our conquerors, but for the most treacherous of our people, this man, Mr. GAZLEY, excited the Northern mind, first to make the 14th, then the 15th amendments to the Constitution, and to elect the President and the Vice-President of the United States; and the Ku Klux Klan, the last deadly blow at civil liberty, I am sure are now denouncing the man for not voting for this wretch."

A man who could deliberately put on paper such wretched stuff as this must be a degenerate and prejudiced or reckless truth. In either case he is not fit material to be a Congressman of the country has lost nothing by Mr. SWANN's defeat. His chief indictments against GAZLEY are that he advocated the abolition of slavery without paying for the slaves (he was charged in the recent campaign with exactly the contrary) and that he inspired the passage of the Ku Klux laws and the adoption of the 14th and 15th amendments! A nice man Mr. SWANN was to ask Republican votes!

STAYS AGAINST SHERIFFS.—The *Charleston Courier* states that on Monday January renders were rendered in favor of the State against the following named Sheriffs and their securities:

P. W. Potterfield, of Jefferson, for \$2,311 45	
T. B. Shedd, of W. Va., for \$1,041 50	
H. B. of Marion, for \$1,735 35	
W. H. of Frederick, for \$1,735 35	
R. B. of Fayette, for \$1,735 35	
W. H. of Lincoln, for \$1,735 35	
W. H. of Hancock, for \$1,735 35	

The whole amounting to \$9,644 91.

A number of similar cases against delinquent Sheriffs remain on the docket. Some of them will probably be pressed for trial during the present term.

Tax California will crop of 1871 amounted to about seven million gallons, and the yield of 1872 will be about the same, notwithstanding sanguine anticipations that it would reach nine million gallons. In Sonoma and some of the northern counties the vineyards are backward, and this operates as a set-off to the yield of the new vineyards of this year. In Los Angeles county the crop is better than it was last year. The deficiency in the supply of oaken casks this year has caused much sacrifice and loss of good wine, as the red wood casks are not strong enough for shipping purposes. The oak staves have to be imported into California, and this is the first year that any failure in the supply has been experienced.

WESTERN MICROBIOLOGICAL has turned its attention to the growing of fruit trees and grape vines, and the following figures are given, as showing the statistics of that region: Peach trees, 900,000; apple trees, 170,000; pear trees, 140,000; plum trees, 90,000; cherry trees, 25,000; quince trees, 10,000; and grape vines, 180,000. A great many acres are also devoted to the cultivation of berries, and it is estimated that there are 800 acres of raspberries, 600 acres of strawberries, and 600 acres of blackberries, under cultivation. Land in the fruit district is worth from \$200 to \$500 per acre. Muskogee county is the principal seat of fruit and grape growing.

A DECISION about trade marks made by the Supreme Court of Kings county, New York, recently, holds that no person can acquire a right to the exclusive use of words, as applied to the name of an article of trade, if it is their ordinary meaning, these words designate the same or a similar article. The decision was given in the case of a proprietor of certain "Schmapp," against another proprietor of other "Schmapp." The word has a general meaning which no trade mark can monopolize.

The *Chicago Tribune*, speaking of the horse disease, says:

"One of the greatest errors of all that have been made in the treatment of horses is that of blanching animals while working them. This practice is almost universal. The effect is to overheat the horse and bring on excessive perspiration, and it is not proper to give him any protection when he is blanching, he can scarcely fail to catch cold, if he has none, or to increase the danger of his disease, if he already has it. The practice should be abandoned at once."

An article well known among the premises of the Boston Gas Light Company, and is to be used to the depth of twenty-one hundred feet, at an expense of ten thousand dollars. The bore is six inches in diameter, and has been carried to a depth of eleven hundred feet. The work has been in progress for twenty-three months.

INTERESTING LITIGATION.—Patrick H. Dwyer, Junior, at the State House has obtained from the Circuit Court of this county a rule against the Auditor, requiring him to show cause why a mandamus should not be awarded against him to compel him to pay daily his salary as Auditor. Mr. Dwyer, on behalf of the Auditor, has prepared an answer denying the power of the Court to interfere in the manner proposed, and also alleging that he refused payment of the account because of various suggestions served on him in the language of judgment creditors of Dwyer. The case has not yet been heard. It raises an interesting question concerning the power of the creditors of a State officer to stop the payment of his salary by attachment of judgment.

Mr. Fitzgibbon appears for Dwyer. — *Charleston Courier*.

We will think the interesting cabinet on the other side not to send us word about that intolerable flag-parading bore, Sergeant Bates. If he will forward us authentic information of Bates' timely and thorough collection of the public opinion, we will cheerfully print it—not otherwise.—*Wash. Star*.
